

Grab my hand

Grab my hand because I am insecure,
Grab my hand and touch my soul,
Give me your love so sweet and pure,
That magic love that cures it all

Grab my hand and don't let it go,
Please hold it, don't say no,
Because I need your hand to hold mine,
As I need your heart to love me

Be with me, come close,
Talk to me in your silence,
Join with me and let's be one,
Eternally, in peace, without pause.....
